~~SECRET -- EYES ONLY~~

Dear Foy:

This is just a preliminary line to tell you that the President has received a seventeen-page communication from Khrushchev, dated September twenty-eighth. The communication covers the standard Soviet views on nuclear testing, with a few minor variations; a dissertation on Cuba, along the standard lines, and a bit about Berlin, which also contains nothing new.

However, in this section of the letter, he twice refers to the necessity for "resuming the dialogue"

[REDACTED]

that Khrushchev is, in effect, planning to come to New York at the end of November.

We will send you the full text on Monday, but we thought it necessary for you to have at least a knowledge of this communication as soon as possible.

Very sincerely yours,

Charles E. Bohlen
